

Spit in stainless steel with mobile wood burn brazier Model 2000/20

Wood fire Spit for external use.

As a result of numerous requests made by various committees and in the light of our experience, we have created a spit for events involving numerous persons (from 200 to 350 persons).

The spit consists of a solid structure of compact dimensions, which contains a cooking area manufactured entirely in stainless steel, to respect the social sanitary regulations governing hygiene and a brazier in steel to control the fire. All this assures an excellent quality and homogenous cooking, even in windy conditions and with a considerable saving in wood consumption.

Description:

- 1 – tubular frame in painted steel with four supporting legs
 - 2 – cooking area entirely in stainless steel AISI 304 for food consisting of:
 - Shelf for placing utensils,
 - bar carrying shaft with slip clutch and device for rotating the single rods,
 - 20 bar carrier supports with fast clutch and provided with handgrips for the mounting of square stainless steel rods 8 x 8 x 1000 or 10 x 10 x 1000 or 12 x 12 x 1000 mm.
 - 3 – Mobile brazier in steel completely closed externally consisting of:
 - chimney with regulator
 - 2 doors for wood loading
 - 2 mobile doors for ash removal
 - 1 vertical grill on the cooking side 2000 mm x 450 mm
- Everything mounted on four wheels to permit approach and withdrawal of the fire to and from the cooking area by means of a lever device.

Technical data:

- | | |
|---------------------------------|------------------------|
| - Single phase motor in IP65: | Kw 0.18 – 220V |
| - Thermal switch: | A16 |
| - Power supply cable with plug: | 4 mt. |
| - Revolutions: | 1.5 /min. |
| - Distance between rods: | 160 mm. |
| - Shelf for utensils: | 2100 mm. x 120 mm. |
| - Opening for rod loading: | 2100 mm. x 400 mm. |
| - Brazier traverse: | 200 mm |
| - Overall dimensions L x D x H: | 2670 x 1460 x 1600 mm. |
| - Weight: | 650 kg |

Accessories:

- Square rods: 8 x 8 x 1000 mm. - 10 x 10 x 1000 mm. - 12 x 12 x 1000 mm.
- Tractor feed hooks for rods: 8 x 8 mm. - 10 x 10 mm. - 12 x 12 mm.
- Double tractor feed hooks : 8 x 8 mm. - 10 x 10 mm. - 12 x 12 mm.
- Oil collection trays: 1000 x 600 x 40 mm.
- Dual support in stainless steel for fixing bench rods
- Toughened glass fixed in a support complete with hinges, stainless steel handle and supported by 2 gas springs
- Fixed wheels for small relocation
- Rotating wheels for small relocation
- Mobile drawbar with jack and hook for transport
